and what they offer. |

Herts Cleaning Supplies takes everything we have learned from working with our local schools and businesses and creates a unique service tailored specifically for them. We made a whole new website which allows customers to place orders online and then be invoiced later. We offer completely free staff and COSHH training, free equipment hire and dispenser loans and most importantly, we supply new and completely sustainable paper products made from sugarcane.

What We Offer

We offer free equipment hire to all of our regular customers.

We cover a wide range of products with more available on request.

We sponsor local events and small businesses, ensuring communities are given the opportunity to grow.

Orders in Hertfordshire over £50 will receive free delivery and are usually delivered within 2-3 working days.

Bins

Sanitary Disposal

We offer a monthly service where we will dispose of the waste from your bins and replace the contents with fresh new bin liners. All waste is disposed in facilities that will turn the waste into renewable energy. This reduces the environmental impact whilst also shielding businesses from rising costs of landfill tax. We offer this service with sanitary bins, nappy bins and more.

Get in touch today to arrange dates for collection.

Premium Quality

Sustainable luxury is guaranteed with every purchase & all our products are as natural as nature.

Degradable Products

Be amazed at the cleaning power of bamboo with products that degrade in less than 90 days.

Panda Safe

The bamboo we use for our luxurious toilet tissue is a different type than what Pandas love to eat.

One Stop Shop For Sustainable Products

We only source the finest of products from around the world which are super sustainable and as natural as nature.

Construction Catalogue

If you are looking for more specific PPE, you may find what you're looking for in our Construction Catalogue. We showcase a wider range of protective gear and accessories for different purposes but you can also contact us directly if you can't find what you are looking for.

Our water soluble sachets are a fantastic, environmentally friendly addition to our catalogue. These sachets drastically reduce plastic use and allow you to re-use old bottles instead of constantly purchasing new ones. Just one sachet is enough to fill a whole 1 litre bottle, meaning that one box of 20 sachets is the equivalent of 4 x 5 litre bottles. There is no risk of coming into contact with hazardous cleaning liquids. Our sachets work by simply dropping them into a bottle of warm water and shaking.

Bamboo Sugar Paper

Our sugarcane products are plastic free and zero waste, they are all produced with 100% planet saving sustainable materials. Our toilet rolls are super soft and strong, ensuring a premium experience without sacrificing quality for sustainability. Bamboo is 98.9% more efficient because bamboo takes 1 day to grow, whereas tree takes 3 months just to grow 3 feet. With bamboo you feel the love with each wipe and at the same time help save our planet. If we all switched to bamboo toilet rolls we could stop 1,183,005t of CO2 entering our atmosphere because bamboo releases 75.8% less CO2 than tree-based toilet rolls.

Sustainable Sacks

Our bags are recycled as well as repurposed when possible. We encourage customers to reduce waste by recycling or repurposing our bags at the end of their lifecycle as well if possible. Product packaging and packaging used in transit is recycled, reused or refilled and contains recycled content.

Water Solubles

Our water soluble cleaners allow customers to re-use plastic bottles over and over again, ensuring that plastic use is kept to an absolute minimum. Reduces Carbon Footprint By 95% - Compared to transporting liquid concentrates. Reusable Plastic - reduces waste by 90% compared to traditional cleaning solutions.

Recycled Packaging - All packaging is recyclable, and our pouches are compostable.

Pre-Dosed Formulations - No risk of chemical overdosing, which has the potential to negatively impact the environment.

Paperless Deliveries

Our delivery drivers use the latest in delivery software which allows for completely paper free deliveries. Reducing our carbon footprint is a crucial step in mitigating the effects of climate change, so we plan on using electric vehicles in our day to day operations as well to help do our part for the environment.

Sponsorships

HCS sponsors many local events such as festivals, community fun-days and more. We sponsor these events with different materials and donations from toilet rolls and cleaning essentials to the designing and producing of hundreds of pint cups. Get in touch and tell us about your next event and see how we may be able to sponsor you.

Local Networking

HCS supports other small and medium sized businesses, ensuring that the local economy is boosted and communities are given the opportunity to grow and thrive. We regularly attend networking events that encourage building relationships with other small local businesses and new start ups in our community. This also encourages community donations for different charities in our area for good causes.

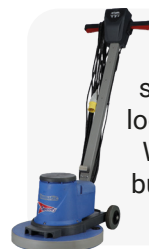

Staff Training

We offer COSHH Awareness, Product Consolidation and Health and Safety Training free of charge to our regular customers. Our staff have over 30 years experience in the cleaning industry and can offer much more than just great valued products. Call or email us to set up a meeting with Brendan and we will do what we can to support you and your business.

Equipment Loans

We offer equipment loans free of charge to our regular customers such as our carpet cleaner, floor scrubber and floor buffer. This saves local businesses hundreds of pounds without having to buy their own. We have also offered soap dispensers to many local schools and businesses, especially during covid where sanitisation was vital to stop increasing the spread of the virus.

Ways To Order

You can place orders in the ways listed below. An account is not needed to make an order from our website. Just simply enter your delivery details on the Checkout page and you're good to go.

All invoices are made under our parent name Chemical Solutions.

Delivery Information

We deliver to the following areas:

Hertfordshire, Bedfordshire, Buckinghamshire and London.
We can deliver to other areas upon request but delivery will entirely depend on the order itself. Please contact us via email if this applies to you.

Delivery Costs

Regular customers receive free delivery.

Non regular customer's delivery costs are dependent on the financial amount of the order, the delivery location and how quickly delivery needs to be.

Hertfordshire

Customers can receive free delivery on all orders over £50.
Orders less than that will be subject to a delivery charge.

Bedfordshire / Buckinghamshire

Customers can receive free delivery on orders of £80.
Orders less than that will be subject to a delivery charge.

Click & Collect

Customers are more than welcome to visit our premises and collect items themselves.

We are based at
Unit 39 Wedgwood Way, Stevenage,
Hertfordshire, SG1 4QT.

London

Customers delivery costs depends entirely on the order and the date in which the delivery needs to be made.

We travel frequently into London but still try to make all our London deliveries on the same date.

CHEMICAL SOLUTIONS

MEDICAL AND JANITORIAL SUPPLIES

Chemical Solutions is the parent company of Herts Cleaning Supplies. We focus on bespoke medical solutions for businesses in and around London. Below we have listed different specialities available from us. We target a variety of industries differently based on your specific needs. Some of these industries include: Medical Facilities, Hospitals, Universities, Entertainment venues, Gyms & Leisure centres and much more.

Medical Supplies

Chemical Solutions have been supplying PPE products and other medical essentials for over 30 years. Products include face masks, oversleeves, overshoes, first aid kits, gloves, aprons and more. Contact us if you require other products as we hold a variety in stock that may not be listed in our at a glance catalogue.

COSHH Training

Our staff have over 30 years experience in the cleaning industry and can offer much more than just great value products, we can offer advice and training too!
These include:

COSHH Awareness
Product Consolidation
Health And Safety Training

Construction Supplies

Chemical Solutions supply a variety of construction supplies including helmets, ear protection, masks, high vis, gloves and more protective gear. We offer complete bundle 'Starter Packs' which include one product of each category at a lower price. Items can be swapped and exchanged to suit your needs. Different tools as well as a collection of bags and bins are also available.
